28th International Conference of FFC

Functional Food Center is pleased to announce its 28th International Conference "Functional and Healthy Foods for Longevity: Bioactive Compounds and Biomarkers in Age-Related Diseases". The conference will be held at San Diego Convention Center, on August 28-29, 2020. This conference will bring together experts in medicine, biology, and the food industry to discuss the functional foods with bioactive compounds as dietary interventions for chronic diseases. Conference organized by Functional Food Center (Dallas, TX, USA), Functional Food Institute (San Diego, CA, USA), International Academic Society for Functional Foods and Bioactive Compounds, The Journal of Functional Foods in Health and Disease, and The Journal of Bioactive Compounds in Health and Disease.

Exhibitors Information

All vendors have a separate exhibitor table at the conference. The international conference will attract many experts from food processing companies, universities, research centers, food and nutrition related organizations, local restaurants, bakeries and more. This will be a great opportunity to introduce yourself to many international and local organizations.

Registration Fees

The registration fee will cover the Conference Proceedings book (Abstract book), 12-month membership to the Academic Society for Functional Foods and Bioactive Compounds. Each registration allows the registrant to present up to 3 accepted abstracts maximum. Registration includes access to the entire program and Expo, presentation materials and networking with expert speakers and organizing committee members.

Cancellation Policy: Before April 28, 2020: 75% refund; before June 28, 2020: 50% refund; after June 30, 2020: No refund. Reimbursements will be sent after the conference. Notice of cancellation of registration must be received in writing to the Conference Secretariat. All refunds will be provided after the conference within 14 days.
